

# JUNIOR SCIENCE AND HUMANITIES SYMPOSIUM (JSHS)

## JOIN THE NEXT GENERATION OF STEM INNOVATORS

Present your original research and compete at a professional level for scholarships and recognition at the Junior Science and Humanities Symposium [JSHS].

JSHS is open to high school students in grades 9-12. Students are invited to present results from their original STEM research investigations to a forum of peer and practicing researchers at regional symposia held across the country.

### COMPETITION CATEGORIES

- › Environmental Science
- › Biomedical Sciences
- › Life Sciences
- › Medicine and Health/ Behavioral Sciences
- › Engineering and Technology
- › Mathematics and Computer Science
- › Physical Sciences
- › Chemistry

4,500 students

participate in **48 regional symposia** throughout the United States, Puerto Rico, and DoD Dependents Schools in Europe and Pacific.

\$408,000

the total of **undergraduate tuition scholarships** that are awarded annually to regional and national student finalists.

**JSHS** is one of the nation's longest running science, technology, engineering, and mathematics [**STEM**] competitions. JSHS is a collaborative effort between the research arm of the Department of Defense [**DoD**] and nationwide academic research institutions, and is administered by the National Science Teaching Association [**NSTA**].

### FOR MORE INFORMATION

Regional symposia are held from January to March, and the National JSHS competition is held in April. Visit [jshs.org](http://jshs.org) to locate the **Regional Symposium** in your area, and for regional requirements and deadlines.
